Extract from the file bearing D.No.1887/L. re. O.S.49 of 1950-51 on the file of the Sub Judge, Bangalore.

Recovery of Insurance amount by the heirs of Late Sri.A.Venkataramiah, Ag.Inspector.

1) Para 24. This case discloses the scandalous delay in the disposal of claims. Shri Venkataramiah died on 23-2-46. It was the duty of the Departmental Head to get the accounts of the man worked up. This was not done. On 30-12-49 the Plaintiff herein issued a notice claiming certain amounts as due to the estate of the deceased. He was told that the accounts were being looked into. He waited for over six months and nothing happened. Then he filed the suit. The explanation of the Director of Agriculture is lame and halting. He ought to have every register posted up to date and within a fortnight's notice he must be able to clear up the accounts of any indifidual. It is now more than four years since the man died and even now he is not in a position to finalise the accounts. This is most unsatisfactory.

2) Para 25. I do not understand what he means by compromise. What is due to Government from the deceased? Unless this is ascertained at least approximately what is the basis of compromise?

3) Para 26. Any way the Director may get the matter settled and report the terms of settlement to Government.

6) Para 29. This is the type of work that the Director is doing in spite of my clear instructions that he should bring all his arrear accounts up to date. He has not been able to finalise the accounts of one Depot even after a lapse of 4 years. The course suggested by the Law Minister may be followed if the liability to be fixed later is to be waived.

9) A perusal of the Director's letter shows that no liability can be brought home against the assets of the late Sri.Venkataramiah. The compromise in these circumstances is only a polite name for unconditional surrender. We can only agree to release the assets in question.

9) Para 32) As regards the way work is being done in this office, I can add nothing to the minutes of the two Hon. Ministers. What adds to the gloom is that this is now the way that work is being done in most offices, so far as such work comes under the purview of the Finance Department.

HPD 14/10 13) Censure of officers drawing a Salary of Rs 500/- and above is a Council matter. This is a case of giving "mild warning": It is for consideration whether this has to be treated as a Council case & brought before the Council meeting or the draft letter put up may issue: Subs. With reference to paragraph 13.

HPD 14/10. 14) Warning order conveying a formal warning to a Gazetted officer is not a Council matter, but "censure" of any officer on a pay exceeding Rs 500/- is a schedule matter. As it is proposed to administer a warning to the Hd of a dept., the matter need not perhaps be treated as a Council matter.
